FIGOGANG is a four-piece from Rotterdam-Zuid and an established name in the Dutch urban scene. With a sound of their own, unmistakable energy and strong chemistry as a group, they move between styles without effort.

From hard hip-hop and drill to melodic club tunes and swinging sounds, FIGOGANG refuses to sit in one box. That range is exactly what defines them. Their music is built for the street and the club alike, and guarantees energy, recognition and a strong live presence.

Over the years FIGOGANG has built an impressive catalogue of singles and collaborations. The group worked with Dylisa and Dior on the single Youngin Van O, among others, and has collaborated with a range of artists and producers from the Dutch urban scene.

With tracks like I'm in the Ghetto, Sirenes/Lange Pijp, Mamacita and Nobo, FIGOGANG has carved out a recognisable position in Dutch hip-hop. Their recent releases show a group that keeps developing and keeps looking for new sounds.

FIGOGANG stands for energy, range and Rotterdam mentality. Four artists on one stage make for a dynamic show where different styles and personalities come together, which makes them a strong live act for festivals, clubs, events and urban programming.
